

PROFESSIONAL DESCRIPTION

Rotondo finds its distinctive features in the alternation of essential elements and surfaces with particular **rounded shapes**, an ideal stage that lends itself well to enhancing the masterpieces of contemporary chefs.

The perfect proportions of the plates and cups are also combined in the tea and coffee extension.

All Rotondo cups, coffee pots and teapots correlate the pieces together making them **stackable**.

The lids also change their intended use, becoming, when necessary, support points for presenting small delicacies.

Due to its robustness, it is flexible and suitable for any type of use and, thanks to the **minimalism of its shape**, it retains a timeless "Back to the roots" soul.
