PROFESSIONAL DESCRIPTION

ISOTHERMAL CONTAINER for n.1 GN 1/1 container - h 20 cm or submultiples :

- **made of polypropylene** , suitable for contact with food substances;
- **The isothermal container/box** is **ideal for protecting food** both from mechanical stress thanks to its thickness and closed-cell structure, and from thermal stress thanks to the co-inhibiting properties of the expanded polymer;
- **lightweight and free of sharp edges** to protect the safety of operators during handling and transport operations;
- does not give off abnormal odors or flavors to foods;
- **resistant, hygienic, ecological, 100% recyclable** ;
- easily washable;
- **compatible with industrial washing and disinfection with detergents and disinfectants** , hot water and wet steam up to a temperature of 100 degrees.
