height (mm)	1450

PROFESSIONAL DESCRIPTION

NEUTRAL SANITIZING CABINET with OZONE GENERATOR , 1 Door , 350 lt :

- **Cabinet for SANITIZE fruit, vegetables, kitchen utensils, work utensils, office objects, clothes, shoes, personal linen, bedroom linen, objects in general ;**
- **Sensor operation** , when the door is closed the sanitization cycle begins which must be confirmed by the user;
- If confirmed, an orange LED lights up and remains for the entire duration of the cycle, including the ozone degradation time;
- The green LED on indicates that the system is powered;
- **The program is preset in three fixed phases :**
 - **Ozone Creation Phase** (3 Min.);
 - **Ozone reaction phase** (15 Min.);
 - **Ozone decay phase** (30 Min. *) (* Time may vary depending on: products, contamination, humidity, quantity)
- **If the door is opened during sanitization, the cycle stops immediately** . The closure is hermetically guaranteed by a perimeter gasket;
- If it is used more than once a day, especially in narrow and poorly ventilated spaces, the cabinet can be equipped with an extractor fan that vents the gases to a centralised filtering system, upon request. Otherwise, an internal recirculation catalytic converter system can be installed;
- The cabinet should never be opened until the cycle is finished,
- **The SANITIZING cabinet also boasts the following features :**
 - **high-tech ozone generator** ,
 - **fully insulated polyurethane body, thickness 40 to 50 mm** ,
 - **automatic door closure with magnetic gasket** to ensure that the internal compartment is airtight, a necessary condition for safety,
 - **possibility of removing odors and sanitizing** ;

- **Product that could be included in the TAX CREDIT (DL 23/2020) defined at 50% of the sanitization costs up to a maximum of 20,000 euros** (pending officialization);
- The cabinets are not supplied with a plug;
- **On request, possibility of external colour White or Black - Optional .**

TECHNICAL DATA :

- Capacity 350 lt
- Grids n.3
- Power consumption 65 W
- Dimensions mm (WxDxH) 660x600x1450h

Accessories/Optionals :

- Activated carbon filter system for intensive use
- Replacement activated carbon filter, 6 months duration
- Stainless steel slotted top mm. 470x490
- External black or white color supplement
