PROFESSIONAL DESCRIPTION

QUADRO WINE REFRIGERATED DISPLAY, with 4 BOTTLES, Temp. +12°/+18°C :

- **Design and technology come together** to create the first refrigerated panel ever made in the world. **An absolutely innovative object , with a refined design, capable of making every environment in which it is inserted special ;**
- **The Quadro Vino n.40 allows you to display 4 bottles and keep them at the right serving temperature .**
- On this model it is **possible to choose the option of vertical display of the bottles**, ideal for service by the glass;
- **The internal temperature varies from +12° to +18 °C** depending on the ambient temperature;
- It allows you to store and serve different wines at the right temperature;
- **Refrigeration is obtained through a silent ventilated thermoelectric system controlled by an electronic thermoregulator** through which it is possible to set and display the temperature;
- **Ecological refrigeration system** free of polluting gases and built with recyclable materials;
- Replacing the components is simple and always makes repairing the product convenient;
- The **minimal depth and wall installation** allow it to be inserted even in very small spaces;
- **It finds easy insertion in restaurants and hotels but also in private residences .**

TECHNICAL FEATURES

- Metal structure
- Aluminum door structure
- Wooden / hpl / MDF frame
- 20 mm double glazing
- Magnetic seal

- Internal painted steel/eco-leather panel
- LED lighting.. Blue or Natural White
- Thermoelectric refrigeration system
- Automatic defrost
- Ventilated refrigeration
- Anti-vibration system
- Temperature +12°/+18°C
- Capacity: 4 bottles 0.75 liters
- Bottle: H 400 Ø 90
- Dimensions mm. 780x780x155h

It is also possible to compose the product by choosing between these variants

STRUCTURE COLOR:

- **Liquid painting:** Matt black RAL 9005;

PANEL COLOR

- **Liquid painting :** Matt white RAL 9010, Matt black RAL 9005

- **Dune unpainted D01 ;**
- **Classica :** Classica matt white CRAL9010, Classica matt black CRAL9005.

LED LIGHT COLOR :

- **Standard :** Natural white LED
- **Optional :** blue LED

VERTICAL BOTTLE SETUP

- On this model it is possible to choose the option of vertical display of the bottles, ideal for service by the glass. During the final construction phase, the bottle holder rods are removed and replaced with special caps so that it is always possible to restore the standard setup with horizontal bottles. With this solution you can also use the Quadro Vino for service by the glass as it is possible to insert and keep at the right temperature even already opened bottles .

NB : RAL colors are created on MDF support in a 20 gloss matt finish (100 gloss gloss finish on request).
