PROFESSIONAL DESCRIPTION

Gravity slicers in aluminum alloy with **gear transmission**, **blade diameter 370 mm** - available in **single-phase or three-phase** version

- **Blade diameter** 370 mm;
- Particularly suitable for **catering** and **large supermarket chains** ;
- Highly **innovative in design** for its **rounded line**, without sharp edges or visible screws, it is a slicer that combines elegance with **extreme functionality** and the **convenience** of **simple and effective cleaning** .
- The **gear transmission is very reliable** , **resistant to stress** , and **allows even the hardest product to be cut** .
- The gear transmission, in fact, is able to satisfy even the **most demanding customers** , eliminating several problems: that of the wear of the belt, that of the need for continuous maintenance and adjustment of the belt itself and finally those that can sometimes occur due to the slipping of the belt.
- Knobs with a **firm and ergonomic grip** .
- **Blade revolutions** n.210 per minute;
- **Trolley stroke** mm 365
- **Cutting regulator** mm 22
- **Cutting capacity** Ø mm 270 - mm 270x290

CE mark
Made in Italy
