Services and Technologies for professional catering since 1973

PROFESSIONAL DESCRIPTION

IMMERSION MIXER, ROBOT COUPE CMP 300 VV, with VARIABLE SPEED :

- **Compact, handy, high performance.** Special catering. The CMP 300 VV can blend, mix and homogenize up to 30 l of preparation in a very short time.
- **Performance :** Optimal mixing quality and an extremely fine finished product in a very short time. Reinforced motorization: +15% for an increasingly efficient machine.
- **Robustness :** Robust construction thanks to its stainless steel motor block. Barrel, bell and knife entirely in stainless steel.
- **Hygiene :** Removable stainless steel bell and knife for easy cleaning and maintenance. Patented Robot-Coupe device.
- **Ergonomics :** New ergonomic handle for improved comfort of use. Motor locking pin that allows it to be used as a support point and as a pivot on the edge of a pan for greater maneuverability and greater comfort of use. New power cord rolling system for easier storage and optimized life. Practical storage of the mixer and its accessories.
- **Flexibility of use :** Variable and self-regulating speed for elaborate preparations and a homogeneous result. Easily accessible and precise speed variator for greater ease of use.
- **Removable power cord :** New patented "EasyPlug" system that allows you to easily replace the power cord in the event of a service call. Mains voltage indicator light: rapid detection of a power cord fault. The indicator light comes on if the cable is not damaged and is correctly connected on both sides (wall socket and EasyPlug).

TECHNICAL DATA :

- Power: 350W
- Voltage: Single phase 230 V
- Speed: 2300 to 9600 rpm self-regulating
- Detachable knife: Yes
- Equipped with: EasyPlug
- Knife, bell and barrel: Length 300 mm - entirely in stainless steel
- Removable bell: Yes
- Removable foot(s): No
- Dimensions: Length 660 mm, Ø 94 mm
- Net weight (kg): 3.2
- Gross weight (kg): 3.8
- Accessory: Stainless steel wall bracket - Included
