#### PROFESSIONAL DESCRIPTION

**PANASONIC COMBINED professional oven, with DIGITAL CONTROLS and MICROWAVE, CONVECTION and GRILL functions, for cooking separately or in combination:**

- excellently performs the various functions of: **microwave oven**, **convection oven** and **grill** ;
- **possibility of using these different types of cooking separately , in sequence or in combination** , to prepare any dish **quickly** and with **optimal results** , obtaining **perfectly browned and au gratin foods** , with a crunchy and appetizing surface, like those obtained with traditional cooking , saving 1/3 of the cooking time;
- **reliable** tool capable of carrying out a **large workload** and **maintaining performance over time** ;
- the interior is not occupied by the turntable, offering the user a **large space** in which to insert food;
- created to meet the needs of **catering professionals** ;
- **ideal for snack bars, pubs, bars** and for all situations where the availability of space is limited, because it **performs various functions in an excellent way with minimum bulk** ;
- in professional kitchens it replaces the salamander and, in moments of less activity, it can be used as a forced convection oven instead of ovens with larger dimensions and higher consumption.
