Services and Technologies for professional catering since 1973

PROFESSIONAL DESCRIPTION

**WALL FRIGOR DISPLAY UNIT for CURED MEATS and CHEESES, VULCANO line, 60 cm DEEP, 1480 mm LONG, available WITH and WITHOUT REFRIGERANT GROUP, in standard RAL colours, TECNODOM brand:**

- PLUG-IN vertical refrigerated display, compact, suitable for displaying and preserving fresh and pre-packaged products;
- **ecological , reliable , hygienic , suitable for all sales surfaces ;**
- designed with particular attention aimed at **ease of installation** and **optimization of the cleaning system** , guaranteed by easy access to the internal parts;
- the products on display are always kept at **an ideal temperature** , thanks to the flow of refrigerated air and a well-sized refrigeration system;
- VULCANO is a product with **low energy consumption** and **low environmental impact** : the tank is made without the use of CFCs;
- **made of sheet metal painted in standard RAL colours ;**
- **compact** but **with a large exhibition surface: 2.19 m² ;**
- suitable for small, medium and large distribution;
- all phases, from design to production, have been taken care of in detail: **Made in Italy technology and design ;**
- possibility of customization on request;
- **ventilated refrigeration ;**
- **operating temperature +3°/+5°C ;**
- climate class: 3 (ambient temperature +25°C, relative humidity 60%);
- **thermoformed and insulated shoulders** (40 mm thick each), with **tempered glass side ;**
- **electronic control panel ;**
- **defrost at stop ;**
- **upper neon lighting ;**
- power absorbed lights n°xKw: 1x58;
- manual self-retracting night curtain;
- **4 shelves in non-toxic white post-painted sheet metal** or in **stainless steel** (for stainless steel version), **adjustable in height** , equipped with price holder, without lighting, without product holding grids;

◦ **AVAILABLE VERSIONS:**
