#### PROFESSIONAL DESCRIPTION

##### "QUENELLE" baking mold in flexible and non-stick silicone 30x17.5 cm:

- this **new elegant shape** , designed down to the smallest detail to offer a product that combines aesthetics and functionality, **makes it possible to create sweet and savory quenelles that are perfect and three-dimensional** ;
- the **three-dimensionality** is made possible thanks to a **special and innovative edging** placed inside the mold that is able to give a rounded shape to the base of the preparations;
- this **special technology** , combined with the **flexibility of the high quality silicone** used, helps you to **transform your creations more easily** , guaranteeing impeccable results and **total fidelity to the form** ;
- lastly, the **resistance of this mold to temperatures ranging from -60 ° C to + 230 ° C** makes QUENELLE an inevitable form in the laboratory, **ideal both for baked products and for ice cream or semifreddo versions** ;
- **in addition, the elasticity and flexibility of the material** allow the mold to be easily folded so as not to take up too much space;
- **dishwasher safe** and guaranteed for frequent use;
- masterfully combines practicality, design and quality;
- dim.mm.63x29, h 28 mm;
- Volume: 24 ml.
