PROFESSIONAL DESCRIPTION

INSECT EXTERMINATOR and ELECTRIC MOSQUITOES 30 W , COVERAGE 80 m2 :

- **made of aluminum** ;
- the line has been treated in detail to make it a **new generation electric grid appliance** ;
- the **Plus Zap electroinsecticide lamp** attracts flying insects thanks to the light of its UV neon **lights** , once attracted, it electrocutes insects with an electric shock;
- the **staggered neon lights determine a better light emission** , while the **innovative electric grid** creates a **wider capture area** ;
- the electroinsecticide lamp is equipped with electrified UV light traps;
- **tool-free neon removal** for faster maintenance;
- the **large collection tray** has a current blocking device if removed and the folds at the edges prevent the escape of insects;
- **maximum assembly flexibility** : wall, suspension or free-standing installation;
- coverage 80sqm;
- light emitted 30W, neon 2 x TVX15-18;
- suitable only for **indoor use** ;
- compliant with RoHS and European legislation in force.
