#### PROFESSIONAL DESCRIPTION

##### ISOTHERMAL CONTAINER for n.1 GN 1/1 Bowl - h 20 cm or Sub-multiples :

- **made of polypropylene** , suitable for contact with food substances;
- **The isothermal container / box is ideal for protecting food** both from mechanical stress thanks to the thickness and the closed cell structure, and from thermal stress thanks to the insulating properties of the expanded polymer;
- **light and free of edges** to protect operator safety during handling and transport operations;
- it does not release abnormal odors and flavors to food;
- **resistant, hygienic, ecological, 100% recyclable** ;
- easily washable;
- **compatible with industrial washing and disinfection with detergents and disinfectants** , hot water and wet steam up to a temperature of 100 degrees.
