PROFESSIONAL DESCRIPTION		

## SANITIZING NEUTRAL CABINET with OZONE GENERATOR , 1 Door , lt . 700:

- **Cabinet to SANITIZE, DEODORIZE fruit, vegetables, kitchen utensils, work tools, office objects, clothing, shoes, personal linen, bedroom linen, objects in general ;**
- **Operation with sensor** , when the door is closed, the sanitation cycle begins, which must be confirmed by the user;
- If confirmed, an orange LED lights up and remains for the entire duration of the cycle, including the Ozone degradation time;
- The LED will light up to indicate that the system is powered;
- **The program is fixed preset in three phases :**
  - **Ozone creation phase** ( 3 Min.);
  - **Ozone reaction phase** (15 Min.);
  - **Ozone decay phase** (30 Min. \*) (\* Time may vary depending on: products, contamination, humidity, quantity)
- **If the door is opened during sanitation, the cycle stops immediately** . The closure is hermetically guaranteed by a perimeter gasket;
- If it is used more than once a day, especially in narrow and not ventilated environments, on request as an option, the cabinet can be set up with an aspirator that lets the gases escape to a centralized filtering system, otherwise opt for the installation of an internal recirculation catalyst system;
- The cabinet must never be opened until the cycle is complete,
- **The SANITIZING wardrobe also boasts the following features :**
  - **high technology ozone generator** ,
  - **shell entirely insulated in polyurethane thickness from 40 to 50 mm** ,
  - **automatic door closure with magnetic gasket** to ensure that the internal compartment is airtight, a necessary condition for safety,
  - **possibility of removing odors and sanitizing** ;
- **Product that could fall within the TAX CREDIT (DL 23/2020) defined at 50% of the sanitation costs up to a maximum of 20,000 euros** (pending formalization);
- The cabinets are not supplied with a plug;
- **On request, it is possible to have a White or Black external color - Optional .**

### TECHNICAL DATA :

- Capacity 700 lt
- Grids 3
- Power consumption 65 W
- Dimensions mm (LxWxH) 720x800x2020h

### Accessories / Optionals :

- Active carbon filter system for intensive use
- Replacement active carbon filter, duration 6 months
- Stainless steel slotted top mm. 470x490
- White or black external color supplement

**CE MARK**  
**MADE IN ITALY**
