Services and Technologies for professional catering since 1973

PROFESSIONAL DESCRIPTION

RECTANGULAR PERFORATED PIZZA PEEL in ALUMINUM, ALICE line, light, smooth and resistant, complete range :

- **Neutral anodized aluminum head 20/10 mm , black anodized handle 35/18 mm** (thickness 1.4 mm).
- The handle head joint consists of inserting the head extension into the handle, blocked internally by two cones with expander.
- **The 20/10 mm thickness gives rigidity and guarantees a firm head** , able to support the heaviest pizzas.
- **The rectangular head has the ideal housing for the pizza** with a very large radius of curvature, cantilevered on the bottom.
- **The milling is frontal** . The 35x18 mm handle is solid with an aluminum thickness of 1.4 mm.
- **The presence of specially designed holes on the initial part of the head** allows any flour left under the pizza to be discharged during the dusting phase.

CE MARK
MADE IN ITALY

AVAILABLE MODELS
