Services and Technologies for professional catering since 1973

#### PROFESSIONAL DESCRIPTION

**PERFORATED PIZZA PEEL in STAINLESS STEEL, ALICE line, light, smooth and resistant, complete range :**

- **Small peel entirely in stainless steel , they have an oval shape with an increased head thickness** , which ensures the right strength even for moving small logs of wood inside the oven.
- **Tubular handle** and traditional hanging directly on the round blade.
- **Handle base and sliding element in special polymer** with high impact and heat resistance.
- A joint on the bottom of the handle allows you to block the intermediate element and find it available at the top when the small peel is placed upside down.
- **Oval head with 15/10 mm thickness** to ensure total sturdiness.
- **Highly resistant stainless steel** .
- **Robust and heat resistant** .
- **Sliding intermediate handle** .
- **Perforated version** .

**CE MARK**  
**MADE IN ITALY**
