PROFESSIONAL DESCRIPTION

PERFORATED ALUMINUM SHOVEL for PINSA ROMANA, BLUE Line, light, flexible and resistant, complete range:

- **Anodized aluminum peel ideal for Roman pinsa or shovel pizza .**
- Gi.Metal's proposal for pizza "alla romana" or alla pala is to replace wood, commonly used for this type of pizza peel, in favor of a **light, solid, long-lasting and certainly more hygienic material such as anodized aluminum** .
- **The neutral anodization makes the surface of the blade uniform, protecting it from oxidation, as well as guaranteeing its incomparable lightness .**
- **The holes reduce friction , the amount of excess flour and the weight of the tool . The special arrangement of the holes makes the tool more stable , subject to less bending, ensuring the handling of heavier pizzas.**
- **Size: 23x40cm.**
- Features: **Light, Stable, Smooth, Long lasting, More hygienic than wood.**
