

PROFESSIONAL DESCRIPTION

Wine fridge with 2 glass doors, 2 separate compartments with independent control, **operating temperature + 4 ° / + 18 ° C** , in version:

- **ventilated refrigeration** that allows you to choose the preferred set of internal uniform temperature: setting from + 4 ° to + 18 ° C;
- refrigeration system with static condensation is designed **to minimize the noise** of the refrigeration system;
- **LED lighting** , positioned along the perimeter of the door, which together with the laminated interiors highlight the bottles to the maximum;
- **clean interiors** without the evaporator plate thanks to the innovative refrigeration system;
- available in **different colors** : semi-gloss black laminated wood, satin aluminum gray and other colors as an option.
- **energy savings** : **up to - 50% in consumptions** compared to traditional wine cellars thanks to LED lighting, low emissivity glass and 6 cm insulation.
- **VERSIONS** :
 - with **steel tubular shelves** for **inclined bottles** (Version T- Position 1).
 - with **wooden drawer shelves** for **horizontal bottles** (DR Verification - Position 2).
 - with **smooth stainless steel shelves perforated** for **vertical bottles** (Version SH-R - Position 3).
 - with **tubular steel shelves + wooden drawer shelves** (Position 4).
