

TECHNICAL CARD

power supply	Monofase
Volts	V 230/1
frequency (Hz)	50
motor power capacity (Kw)	3,3
net weight (Kg)	41
breadth (mm)	600
depth (mm)	545
height (mm)	383

PROFESSIONAL DESCRIPTION

PANASONIC COMBINED professional oven, with DIGITAL CONTROLS and MICROWAVE, CONVECTION and GRILL functions, for cooking separately or in combination:

- excellently performs the various functions of: **microwave oven**, **convection oven** and **grill** ;
- possibility of using these different types of cooking separately , in sequence or in combination** , to prepare any dish **quickly** and with **optimal results** , obtaining **perfectly browned and au gratin foods** , with a crunchy and appetizing surface, like those obtained with traditional cooking , saving 1/3 of the cooking time;
- reliable** tool capable of carrying out a **large workload** and **maintaining performance over time** ;
- the interior is not occupied by the turntable, offering the user a **large space** in which to insert food;
- created to meet the needs of **catering professionals** ;
- ideal for snack bars, pubs, bars** and for all situations where the availability of space is limited, because it **performs various functions in an excellent way with minimum bulk** ;
- in professional kitchens it replaces the salamander and, in moments of less activity, it can be used as a forced convection oven instead of ovens with larger dimensions and higher consumption.

TECHNICAL DATA:

- MICROWAVE** : 2 magnetrons provide a **power output of 1350 W usable with 5 different levels** :
- **High** 1350 Watt - **Medium** 650 Watt - **Low** 42 Watt - **Defrost** 180 Watt - **Slow cooking** 240 Watt.
- GRILL** : the grill function is made with 4 adjustable quartz tubes with different power levels to ensure maximum visibility:
- **level 1** : 1800 Watts - **level 2** : 1450 Watts
- CONVECTION** : with a **1800 W** resistance (100-250 °C) **combined with a fan**, it guarantees rapid heating of the chamber and **uniformity of temperature** .

- **internal chamber mm.406x336x217h**, suitable for **Gastro-Norm 2/3** trays (mm.353x325).
- **volume : 30 liters ;**
- **99 automatic programs ;**
- **timer: 99 minutes.**
