FACILE PULIZIA 🗸

La vetroceramica è il materiale perfetto per le cottureper contatto. Resistente agli urti e agli shock termici, impermeabile ad odori e sapori, non assorbe il gusto dei cibi cotti e permette quindi di cucinare in sequenza cibi anche molto diversi tra loro mantenendo sapori e profumi intatti.

Grazie alle caratteristiche di antiaderenza del materiale vengono fortemente ridotti i fumi prodotti durante la cottura e le operazioni di pulizia sono semplici e rapide consentendo di eliminare il rischio di cattivi odori dovuti ai residui di cibo sui piani di cottura.
