Services and Technologies for professional catering since 1973

**PROFESSIONAL DESCRIPTION**

REFRIGERATED CELLAR for WINE, Ventilated Refrigeration, capacity 260 Bordeaux bottles, Class A :

Customization

- **the wine cellar fridge can be configured with multiple combinations of colors and frames by choosing the preferred combination between two colors for the structure** (black and ivory) **and four door frames** (silver, black, light and dark).

Internal fittings

- **Standard : Elegant black metal shelves that allow you to stack the bottles in order to reach maximum values in terms of capacity.**
-
- **The wine cellar can be customized with different internal layouts** , to be ordered separately (**Optional**):
 - **EXTRACTABLE DRAWERS** : the **drawers slide on guides** that offer **maximum fluidity** and a **cushioned end stop** . Specific drawer holder brackets are necessary to guarantee this level of performance and reliability. **The wooden front of the drawer is coordinated with the color of the external frame of the structure** and has a seat designed for labeling the bottles.
 - **SHELVES** : **elegant black metal shelves** that allow you to stack the bottles in order to reach maximum values in terms of capacity.

Energy saving

- **maximum reduction of dispersion from inside to outside and vice versa ;**
- first wine cellar to adapt to the new EU legislation
- **exceptional insulation with notable savings in operating consumption** (60% savings compared to previous lines)

Maximum silence

- **4 operating modes : Normal , Booster** (up to -2° compared to the set setting), **Silence** (-4 db) and **Economy** (temperature conservation for up to 12 hours of stand-by out of service)

Ethical commitment

- Recycled and **recyclable plastic materials are used for the body , and low-impact polyurethane foams for the insulating materials** , made with CFC-free blowing agents. The refrigerant used is R290 (propane), a "naturally" green refrigerant gas.

Design

- New smart, young and modern design.

Conquest of space

- **Flexibility and functionality of the exhibition spaces**

Tailored temperatures

- Always precise, constant and adjustable.

Ventilated refrigeration version

- **It allows you to maintain the chosen, uniform and constant temperature inside the refrigerated compartment .**

Digital temperature control

- **Temperature adjustable from +2° to +16°C**

Door with double glazing and lock

- **Double glazing made of double glass** and **large 14mm thick internal chamber** .
- **External glass** and **internal glass both TEMPERED** .
- **Internal glass made with the innovative magnetron system** (very thin layer of metal oxide) to improve thermal insulation.
- **Internal glass made with low emissivity** (insulating treatment) to improve thermal insulation and to avoid the formation of humidity.
- Thermal insulation of the internal glass with extremely low Ug thermal transmittance value.
- Channel on the chamber made with enhanced performance to facilitate thermal cutting.

Technical data :

- Capacity (in Bordeaux): 260 bottles (without internal accessories)
- Capacity 536 litres
- Energy Saving: Class A, only with glass door
- Temperature: +2° (SET +2) / +16°C (SET +16)
- Interior LED lighting
- Gas Type R290: is a natural, highly efficient refrigerant fluid (up to 15% more efficient than R134a), designed for high performance and long life, has a ZERO Ozone Depletion Potential and a low GWP value (3 GWP).
- Control Panel: Multi touch display
- Ventilated refrigeration
- Environmental Operating Conditions: TA 30°c - 55% RH (Clim. Class 4)
- Emission Level: 38 db (A)

Variants :

1. **Structure color** : Black, ivory
2. **Frame Color** : Black, silver, dark wood, light wood

Accessories/Options :

- Shelf (additional) complete with 4 spacers, max capacity 65 Bordeaux bottles
- Removable drawer

.
CE mark
Made in Italy

TECHNICAL CARD

power supply	Monofase
Volts	V 230/1
frequency (Hz)	50
motor power capacity (Kw)	0,235
net weight (Kg)	135
gross weight (Kg)	150
breadth (mm)	820
depth (mm)	756
height (mm)	1962

AVAILABLE MODELS

EF-H2000/VNN

ENOFRIGO - Refrigerated Wine Cellar, Black Structure and Black Frame, Mod.H2000 / VNN
REFRIGERATED WINE CELLAR, 1 glass door, black structure and black frame, capacity 260 bottles, temperature + 2 ° / + 16 ° C, digital controls, ventilated refrigeration, LED lighting, V.230 / 1, Kw.0,235, Weight 135 Kg, dim.mm.820x756x1962h

Delivery from 8 to 15 days

EF-H2000/VNS

ENOFRIGO - Refrigerated Wine Cellar, Black Structure and Dark Wood Frame, Mod H2000 / VNS
REFRIGERATED WINE CELLAR, 1 glass door, black structure and dark wood frame, capacity 260 bottles, temperature + 2 ° / + 16 ° C, digital controls, ventilated refrigeration, LED lighting, V.230 / 1, Kw.0,235, Weight 135 Kg, dim.mm.820x756x1962h

Delivery from 8 to 15 days

EF-H2000/VNA

ENOFRIGO - Refrigerated Wine Cellar, Black Structure and Silver Frame, Mod.H2000 / VNA
REFRIGERATED WINE CELLAR, 1 glass door, black structure and silver frame, capacity 260 bottles, temperature + 2 ° / + 16 ° C, digital controls, ventilated refrigeration, LED lighting, V.230 / 1, Kw.0,235, Weight 135 Kg, dim.mm.820x756x1962h

Delivery from 8 to 15 days

EF-H2000/VNC

ENOFRIGO - Refrigerated Wine Cellar, Black Structure and Black Frame, Mod H2000 / VNC
REFRIGERATED WINE CELLAR, 1 glass door, black structure and light wood frame, capacity 260 bottles, temp. + 2 ° / + 16 ° C, digital controls, ventilated refrigeration, LED lighting, V.230 / 1, Kw.0,235 , Weight 135 Kg, dim.mm.820x756x1962h

Delivery from 8 to 15 days

EF-H2000/VAN

ENOFRIGO - Refrigerated Wine Cellar, Ivory Structure and Black Frame, Mod H2000 / VAN
REFRIGERATED WINE CELLAR, 1 glass door, ivory structure and black frame, capacity 260 bottles, temperature + 2 ° / + 16 ° C, digital controls, ventilated refrigeration, LED lighting, V.230 / 1, Kw.0,235, Weight 135 Kg, dim.mm.820x756x1962h

Delivery from 8 to 15 days

EF-H2000/VAS

ENOFRIGO - Refrigerated Wine Cellar for Wine, Ivory Structure and Dark Wood Frame, Mod H2000 / VAS
REFRIGERATED WINE CELLAR, 1 glass door, ivory structure and dark wood frame, capacity 260 bottles, temp. + 2 ° / + 16 ° C, digital controls, ventilated refrigeration, LED lighting, V.230 / 1, Kw.0,235, Weight 135 Kg, dim.mm.820x756x1962h

Delivery from 8 to 15 days

EF-H2000/VAA

ENOFRIGO - Refrigerated Wine Cellar, Ivory Structure and Silver Frame, Mod H2000 / VAA
 REFRIGERATED WINE CELLAR, 1 glass door, ivory structure and silver frame, capacity 260 bottles, temperature + 2 ° / + 16 ° C, digital controls, ventilated refrigeration, LED lighting, V.230 / 1, Kw.0,235, Weight 135 Kg, dim.mm.820x756x1962h

Delivery from 8 to 15 days

EF-H2000/VAC

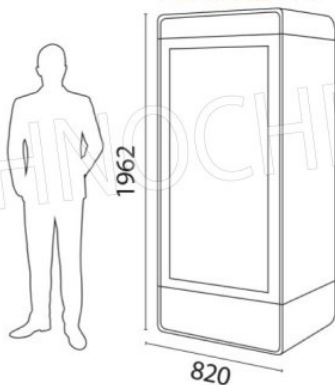

ENOFRIGO - Refrigerated Wine Cellar, Ivory Structure and Light Wood Frame, Mod.H2000 / VAC
 REFRIGERATED WINE CELLAR, 1 glass door, ivory structure and light wood frame, capacity 260 bottles, temp. + 2 ° / + 16 ° C, digital controls, ventilated refrigeration, LED lighting, V.230 / 1, Kw.0,235, Weight 135 Kg, dim.mm.820x756x1962h

Delivery from 8 to 15 days
