#### PROFESSIONAL DESCRIPTION

**BLENDER-BLENDER, HAMILTON BEACH, with 1.4 liter polycarbonate glass , HIGH PERFORMANCE and QUIET BLEND versions :**

- **professional blender ideal for producing more than 75 cocktails a day ;**
- equipped with a **soundproof bell with sensor to eliminate annoying noises** during the preparation of the cocktail (Quiet Blend version);
- **1.4 liter stackable transparent polycarbonate graduated glass ;**
- **overheating protection** , a specific message appears on the display and the rapid cooling function is activated;
- **silent protection function** : the motor automatically stops when you open the lid;
- **container sensor** : stops the motor when the container is not correctly positioned, reducing wear due to incorrect use;
- **super-creamy Drink Profile** : the Wave action system, thanks to the speed and design of the blades, reduces the ice from a granita to a creamy drink;
- equipped with **stainless steel blades** and **Wave Action system** which **guarantees a continuous and constant mix** , for lump-free, perfectly blended drinks;
- the **Wave Action system continuously pushes the dough downwards towards the blades** for better homogeneity, unlike normal blenders which push the ingredients against the sides of the container leaving some parts intact away from the blades;
- ideal for whole ice cubes;
- **touchpad controls with 5 programmable keys ;**
- **cycle programming via memory card ;**
- **It has an engine with a power of 3 HP ;**
- **Sure Grip non-slip rubber feet** , which allow you to keep the blender firmly on your counter;
- suitable for all bars, yoghurt shops and ice cream parlors that want to integrate the production of their activities, offering customers the opportunity to enjoy an exotic cocktail, an artisanal granita or an iced milkshake.

**CE mark**

**Made in Italy**
