#### PROFESSIONAL DESCRIPTION

**LIONESE PAN , HEAVY , in IRON with 1 HANDLE , complete line with diam. from 20 to 50 cm .**

- **Iron is excellent for cooking over very high heat because, not having a high capacity to transmit heat, it avoids sudden changes in temperature.**
- Being a non-stick material, it avoids attachment to food.
- It bears very high temperatures and over time improves its performance.
- iron containers are the most suitable for fries, omelets or thin crepes.
- **The black iron pan should be washed with as little water as possible and always kept greasy .**
